C Mathematical and Quantitative Methods

R.L. Oaxaca and I. Geisler, Fixed effects models with time invariant variables: a theoretical note (C2) 373
M. Frondel and C.M. Schmidt, Rejecting capital–skill complementarity at all costs (C3) 15
S. Gunnarsson, J.F. Shogren and T.L. Cherry, Are preferences for skewness fixed or fungible? (C9) 113
C. Ai and E.C. Norton, Interaction terms in logit and probit models (C12)123
J.-R. Kim, The stock return-inflation puzzle and the asymmetric causality in stock returns, inflation and real activity (C12)155
G.M. Caporale, N. Pittis and P. Sakellis, Testing for PPP: the erratic behaviour of unit root tests (C12)277
T.E. MaCurdy and K. Ryu, Equivalence results in chi-square tests (C12)329
S.-G. Wang and W.-C. Ip, Inconsistency of estimate of the degree of freedom of multivariate student-*t* disturbances in linear regression models (C13)383
S.J. Kang and M.-j. Lee, Analysis of private transfers with panel fixed-effect censored model estimator (C14)233
L. Gutierrez, On the power of panel cointegration tests: a Monte Carlo comparison (C22)105
M. Centoni and G. Cubadda, Measuring the business cycle effects of permanent and transitory shocks in cointegrated time series (C32) 45
B.H. Baltagi, P. Egger and M. Pfaffermayr, A generalized design for bilateral trade flow models (C33)391
R.S. Higgins and P.A. Johnson, The mean effect of structural change on the dependent variable is accurately measured by the intercept change alone (C51)255
H. Moulin and R. Vohra, Characterization of additive cost sharing methods (C71)399
E.J. Balder, On undominated Nash equilibria for games with a measure space of players (C72)137
G. Fellner and W. Güth, What limits escalation?—Varying threat power in an ultimatum experiment (C78) 53

D Microeconomics

J. Conlisk, Dynamic preferences and specialized tastes (D1) 357
J. Nahm, The gatekeeper's optimal fee structure when sellers can price discriminate (D4) 9
T.A. Weber, An exact relation between willingness to pay and willingness to accept (D11)311
M. Ravallion, Inequality convergence (D31)351
D. Ettinger, Efficiency in auctions with crossholdings (D44) 1
M. Arbatskaya, The exclusion principle for symmetric multi-prize all-pay auctions with endogenous valuations (D44) 73
W. Güth and R. Ivanova-Stenzel, Asymmetric auction experiments with(out) commonly known beliefs (D44)195
N. Zhou, Bidding between incumbent and entrant (D44)295
E. Ooghe, Reference type-independent heterogeneous social evaluation (D63)227
K. Nehring, Arrow's theorem as a corollary (D71)379
R. Tanaka, Inequality as a determinant of child labor (D72) 93
S. Ishiguro, Comparing allocations under asymmetric information: Coase Theorem revisited (D80) 67
C. Gollier and H. Schlesinger, Preserving preference rankings under background risk (D81)337

E Macroeconomics and Monetary Economics

L. Danziger, Inflation, costly price and quantity adjustments, and time spent in the Keynesian regime (E31)161

Elsevier Science B.V.
doi:10.1016/S0165-1765(03)00206-4

C.G. Fernández Valdovinos, Inflation and economic growth in the long run (E31)167
J. Yetman, Fixed prices versus predetermined prices and the equilibrium probability of price adjustment (E31)421
M. Crosby, Business cycle correlations in Asia–Pacific (E32) 35
C.C. Bautista, Estimates of output gaps in four Southeast Asian countries (E32)365
B. Caporale and T. Caporale, Investigating the effects of monetary regime shifts (E42) 87
K. Carstensen, Nonstationary term premia and cointegration of the term structure (E43)409
T. Kobayashi, Multiplicative uncertainty in a model without inflationary bias (E52)317

F International Economics

M. Tani, Have Europeans become more mobile? A note on regional evolutions in the EU: 1988–1997 (F2) 23
S. Girma, D. Greenaway and R. Kneller, Export market exit and performance dynamics: a causality analysis of matched firms (F14)181
L.L. Bivins and K. Krishna, Transferability of migration licences and the distribution of potential rents (F22)323
B. Carmichael and A. Coën, International portfolio choice in an overlapping generations model with transaction costs (F41)269

G Financial Economics

J. Wright, Pricing in debit and credit card schemes (G21)305
H. Huang and C. Xu, Financial syndication and R&D (G32)141

H Public Economics

W. Kopczuk, A note on optimal taxation in the presence of externalities (H21) 81

I Health, Education, and Welfare

J.D. Skåtun, The overprovision of infectious disease medicine (I1) 61
G. Brunello and R. Winter-Ebmer, Why do students expect to stay longer in college? Evidence from Europe (I20)247
E.F. Koenig, Is the markup a useful real-time predictor of inflation? (I22)261

J Labor and Demographic Economics

X. Mateos-Planas, Longer lives, fertility, and accumulation (J1) 175
C. Gorter, W.H.J. Hassink and G. Russo, The structure of hiring and labour market tightness (J23) 99
V.K. Smith, S.K. Pattanayak and G.L. Van Houtven, VSL reconsidered: what do labor supply estimates reveal about risk preferences? (J28)147
C. Pita and R.J. Torregrosa, The concavity axiom in bilateral monopoly (J50)211
A. Björklund and L. Chadwick, Intergenerational income mobility in permanent and separated families (J62)239

L Industrial Organization

G. Bottazzi and A. Secchi, Why are distributions of firm growth rates tent-shaped? (L1) 415
A. Stivers, Quality standards with exogenously distributed quality (L15)131

O Economic Development, Technological Change, and Growth

H. Hong and E. Tamer, Endogenous binary choice model with median restrictions 219
R.D. Murphy, Erratum to "Nasty, brutish, and *shorter*? Fertility, mortality, and dynastic longevity: US cohorts since 1873" 285

J.G. Montalvo and M. Reynal-Querol, Religious polarization and economic development (O11)201
J.J. Assunção and M. Ghatak, Can unobserved heterogeneity in farmer ability explain the inverse relationship between farm size and productivity (O13)189
C. Papageorgiou, Imitation in a non-scale R&D growth model (O32)287
M. Hojo, An indirect effect of education on growth (O47) 31

Q Agricultural and Natural Resource Economics

F. Deroïan, Farsighted strategies in the formation of a communication network (A13)343
